## KENTUCKY RURAL TELEHEALTH WEBINAR

### Clinical Best Practices in Telehealth

Finding documented telehealth best practices has become difficult, and we are so pleased to connect with Jill and the Oregon Health Leadership Council, who are willing to share their work with our partners across Kentucky. We can use their four best practice documents as the foundation that we can build upon for a wide variety of clinical services. Jill will present how OHLC developed their telehealth best practice documents and specifically discuss pediatric and adult primary care.
